

Partnering with LA County Department of Parks and Recreation

## **FIRST COMMUNITY JUNIOR GOLF CLUB IN SOUTH BAY**

The Los Angeles County Parks and Recreation is partnering within the various community cities and golf courses in the creation of its first Community Junior Golf Club in the South Bay area and quite possibly be tied under the umbrella of the Links at Victoria. The Communities objective is to continue the creation of various Junior Golf Clubs at other area cities, so as to educate our upcoming young golfers how to create, run, manage their own community Junior Golf Clubs with close ties to their own cities and eliminate traveling for the kids.

These young golfers will learn to administer competitive Junior Golf tournaments and in the process, learn the Club's duties such as accounting, handicapping, rules of golf, etiquette, prepare by-laws and many other duties associated with the creation of their own Junior Golf Membership Clubs.

New area cities will be searching for ladies and men's golf course established clubs that are willing to donate their time to educate and assist these young golfers in the creation of their own community Junior Golf Clubs and also assist the youngsters in running golf tournaments for their respective clubs.

What a beautiful way for everyone, including parents to start giving back to our community kids so they will become caring individuals as they grow older.

The proposed name of our first pilot program Junior Golf Club is expected to be called the "LA County-South Bay Junior Golf Club".

We are in the process of scheduling an opening day ceremony and membership drive, which will be held at the beautiful Chester Washington Golf Course, 1930 W. 120<sup>th</sup> Street, Los Angeles, Ca.

Opening day ceremony date will be forthcoming as we continue our drive for these community clubs.

You may find more up to date information on our new club progress by reviewing our LBGLC Junior Golf Program Web Site <http://lbglc.net>, by clicking on the menu "New Junior Club. Any questions please call Fabian Rivera at 310/618-1344.
