**NOTE: These are the threesome (3) pairings for the on the course playing instructions for Saturday.**

1. Have all kids introduce themselves at beginning of lessons and on the course hole training instruction for the kids (threesome) before start of play on the hole.

### Schedule of lessons for Saturday as time permits

#### LARGE PUTTING GREEN –

1. We'll start the kids on putting as I see some kids are having a hard time on the course holes with putting. – ½ hour for everyone.
2. Kids will now be working on “chipping it high to land softly” just like they are doing for exercises on playing on the course holes. – ½ hour for everyone
3. Kids will start hitting shots to the green using the 9:00 o'clock position with their shots to the green using pitching wedge, sand wedge or 9 iron to their own individual hole on the putting green – ½ hour for everyone
4. We will only be using threesomes (3) for our exercises for on the course golf simulated educational experiment. Two holes have been set up for this exercise for the kids. Learning who plays first, no noise while other kids are hitting, how to mark your golf ball on the green, etiquette, getting you ready for playing on the golf courses.
5. Parents assisting on the golf course exercise, please return score cards to me so we can monitor how the kids are doing.
