

Fabian,

Hi. Thanks again to you and the LBGLC for introducing our kids to their first round of on the course training. The boys have been so excited about learning the basics of golf, but to see their excitement at actual on the course play was a thrill. It was an added treat that their grandparents who were visiting from Florida, walked the course with them as caddies and scorekeepers. It was really the experience of a lifetime. Many thanks to you and congratulations on the recent grant received to assist with future lessons.

Sincerely,

Pat Germann
