

Fabian,

I can't tell you how much finding a program like yours means to me. I was really impressed with the quality of instruction and dedication of your teachers to the children. It's a marvelous experience that I hope my son appreciates. As soon as I got home I looked up the Los Angeles county Junior Golf Program. Sports play a vital role in teaching our children about healthy lifestyles, team work, and character. It became clear that your program was truly dedicated towards that end.

Kirk
